## AidLearn Newsletter

The publication of the **AidLearn Newsletter** is addressed to partners and customers of the company's networks.

It aims to:

- Promote business activity;
- Keep in touch with all stakeholders;
- Provide useful and timely information.

In this 25<sup>th</sup> edition (July 2022), we will present the main news about national and international projects coordinated by AidLearn or developed in partnership, from April to June 2022.

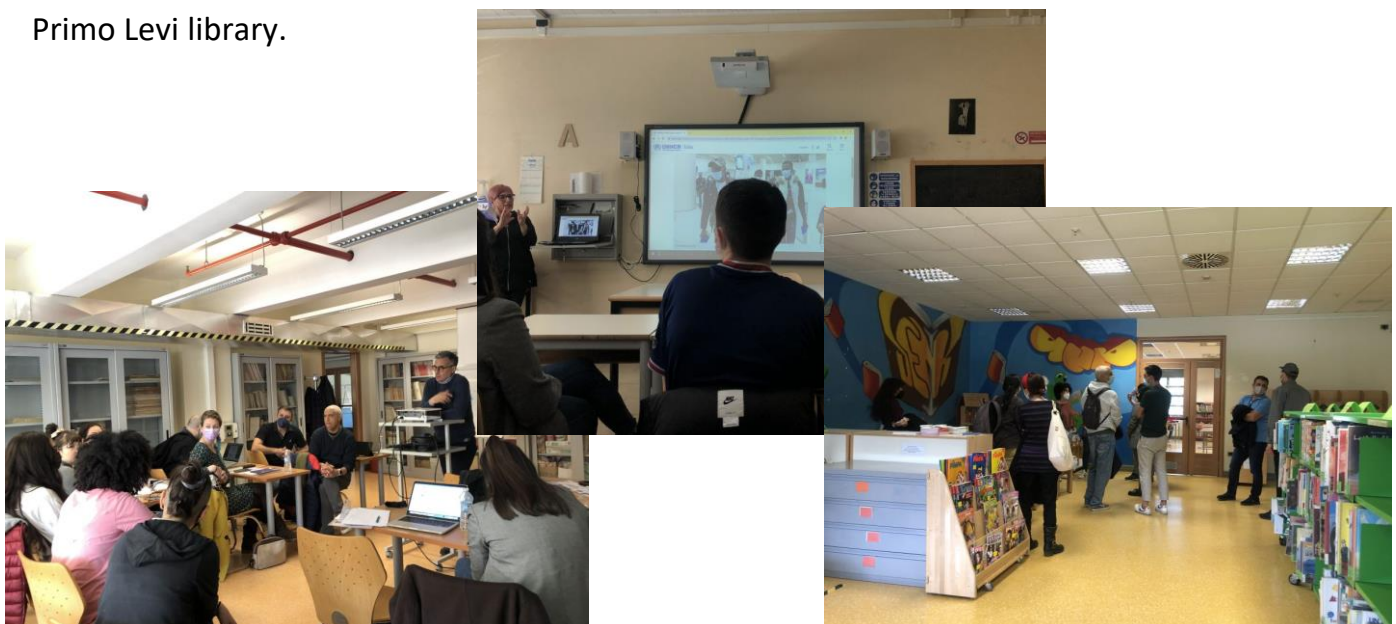

*YOU CAN: YOUth with migrant dropout tackling: CAPacity building aims to be a reference in preventing school drop-out among migrant youth. The project will develop outcomes for teachers and educators in order to promote migrant students' social inclusion and prevent them from dropping out of school. [Learn more at:](#)*

YOU CAN's first transnational project meeting in Turin, Italy, had a remarkably full agenda and was very enriching for the partners! Not only could the partners get acquainted with one another, AMECE also created an agenda that went beyond just discussing the project's results. Indeed, they had the partnership visit diverse actors relevant to the social inclusion and prevention of migrant youth dropout.

Firstly, the partnership discussed the project and, particularly the O2Os (Organisation to Organisation) and the first result which will have a collection of good practices regarding the prevention of migrant youth dropout, but also regarding the 3 projects to be submitted to other calls within this project's lifecycle.

After the project was discussed, the partners were visited by the Secretary of the Municipality of Turin which talked about the municipality's policies regarding migrants, particularly migrant youth, and other main actors (e.g., youth organisations, mosques, churches, etc). This was followed by the partners visiting CPIA 3, a centre for education of adults, where they were invited into a classroom with migrant youths and got to chat and meet them as well as meet educators and youth workers that work directly with them. Finally, the partners also visited the Primo Levi library.

Then, on the week of 20<sup>th</sup> to the 24<sup>th</sup> of June, there was the first O2O of the project! The project's O2Os serve as a way for partners to share their know-how and good practices as well as set up meetings with relevant organisations so the visiting partner gets a better idea of the national reality of the host partner. This also serves to strengthen and/or establish networks for both partners.

This first O2O was in Lisbon and hosted by AidLearn with a visitor from ECEPAA. During the meeting, AidLearn presented its projects dealing with migrants, with social inclusion, and citizenship, and presented their published study regarding arts-based interventions for the social inclusion of refugees and asylum-seekers.

Additionally, they also met with a refugee in Portugal to get his inputs, had a guided visit to the Galeria de Arte Pública in Quinta do Mocho with the presence of the Chief of the Division of Culture, Sports, and Youth who discussed the municipality's policies for social inclusion, had a meeting with Aga Khan foundation, visited the Clube Intercultural Europeu, and two meetings with Portuguese teachers who work with migrants.

*HOPE: Home and Overseas Project Management Excellence intends to create a professional training course for project managers in the community development sector. **Learn more at:***

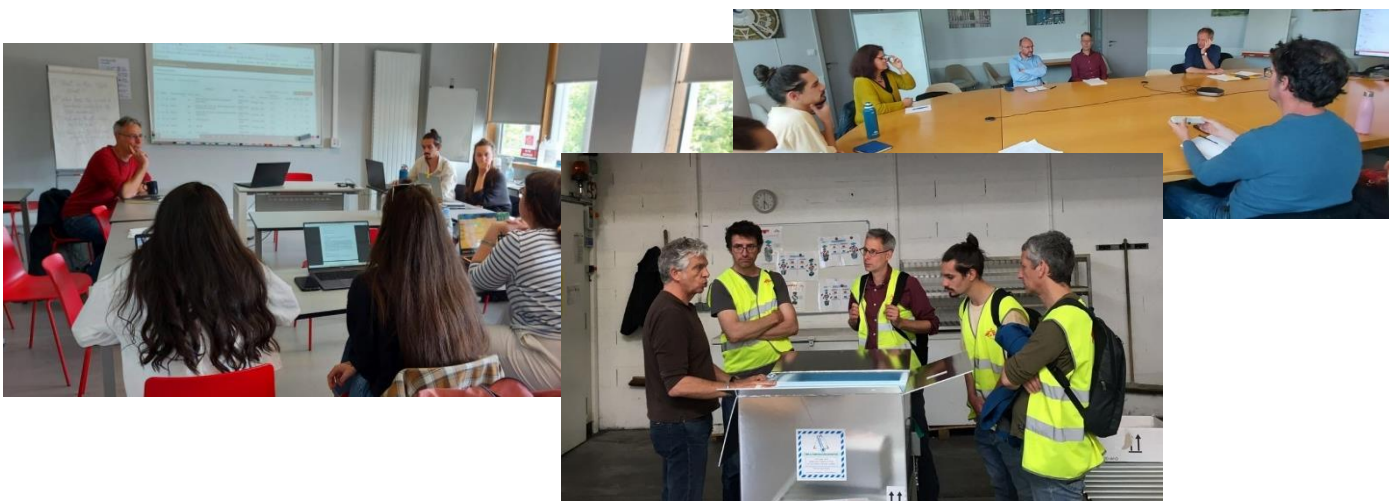

The HOPE project has, once again, been quite active!

Firstly, on April 25 the project had another online meeting to discuss the next steps regarding the survey that was being applied at that time. Additionally, the partnership discussed the in-person transnational project meeting in Bordeaux and the HOPE Glossary.

This was followed by the aforementioned transnational project meeting in Bordeaux,

France, on May 3 and 4. During said meeting, the partnership discussed the finalization of the multilingual glossary and progress on the questionnaire. They also met some of the IFAID students toward developing a common understanding of the methodology to analyse the results and get the most out of them. Furthermore, they also met stakeholders from a regional multi-actor network, SO Coopération, and from Région Nouvelle-Aquitaine. The project meeting also involved visiting a logistic centre from Médecins sans frontières!

The last meeting for the HOPE project this trimester was conducted online on June 14<sup>th</sup> and was all about the online questionnaire!

## Other News!

On the 19<sup>th</sup> of May, AidLearn had the honour and pleasure of welcoming a group of language teachers from the Netherlands as part of a KA1 project. The team came to us to learn more about the particularities of Portuguese teaching to migrants and integration projects here in Portugal. It was a joy to have them with us!

And during the very same day, but in the afternoon, AidLearn was present at ISCTE-IUL's Employability Forum, disseminating AidLearn's projects and work, as well as offering information regarding the company to students that might be interested in interning at our company!
